StudyBooster

for parents & friends

StudyBooster enables family and friends to sponsor students for achieving their academic goals.

On StudyBooster, students commit to goals and invite their family and friends to support them with sponsors. The amount sponsored is awarded if they achieve their goal.

Students are encouraged to set realistic goals that will both challenge them and give them satisfaction to reach. It might be a certain mark in their next English assignment or a score in their next math's test. Or it might be their term mark in a particular subject. It could even be a commitment to improvement in their study habits, like submitting every piece of work on time this term, or reaching a new level of competency in a subject area.

Once students commit to a goal on StudyBooster they invite family and friends to sponsor them and encourage them to achieve. It's a proven and powerful motivator that not only develops student confidence but can prove to be as effective as an extra 3 months of study each year!

Your participation in StudyBooster's sponsorship program will provide priceless motivational support. It's more than just monetary reward for achievement. It's a new departure in student empowerment for boosting student intelligence, confidence and improving their educational outcomes.

StudyBooster gives to education too, by donating to the institution that our students attend for each and every time they get sponsored. This demonstrates our ongoing support for education into the future.

And, we don't overlook those in need. We've partnered with recognized charitable organisations that provide educational support to needy and disadvantaged students. Our Students can share in our spirit of giving by donating some of their StudyBoost dollars to this cause. It's a great opportunity to make a life-changing difference for the good of others. And we think that's fair.

So we're putting some wow into learning! Be part of it by getting behind our students on StudyBooster and supporting their goals!

It's a rewarding experience.

frequently asked questions

CAN I SUGGEST A GOAL ON STUDYBOOSTER?

Yes you can suggest a goal to any student that you would like to StudyBoost and support in their education.

WHAT ARE SOME EXAMPLES OF GOALS THAT I CAN SUGGEST?

There are many examples of goals that you can suggest on StudyBooster. We suggest that you set short to medium term goals rather than long term goals.

Examples of common goals are:

- Pass every subject this term
- Improve your math's grade to A this term
- Get a B in your next history essay
- Get an A in at least 3 subjects this term

Of course the goals don't all have to be about achievement. It can also be about effort or aspiration. So for example you may want to set a goal of being able to have a 10 minute conversation in French, or not be late to school this term. The goal has to be marked by the school or uni.

Every student is different and goals are very specific to the individual. So we encourage you to be thoughtful and realistic when suggesting a goal. This will help keep the student motivated and focused.

Each student has to ultimately set their own goal, even if you suggest it. But at least you will get them thinking and encourage them to move forward if you make a suggestion!

HOW WILL I KNOW IF THE STUDENT HAS COMPLETED THEIR GOAL?

Once the student notifies us that they have completed the goal we will send you an email to let you know. We recommend that you follow up the student for further details and pass on your personal compliments.

WHAT IF A STUDENT DOESN'T SUCCESSFULLY COMPLETE THEIR GOAL?

An email will be sent to you to notify you that the student was unable to successfully achieve their goal. You can review their message and choose whether you still want to sponsor them for their efforts, and you can decide to send them either the full amount you originally sponsored or just a part of it.

Otherwise, you can cancel your sponsorship. If you choose to do nothing your sponsorship will not be awarded and your sponsorship with all fees and charges will be refunded in full.

WHAT HAPPENS IF A STUDENT I AM SPONSORING CHANGES THEIR GOAL?

If a student changes just the date of their goal, an email will be sent to you advising you of the revised date. You can change or cancel your StudyBoost sponsorship if you do not consider the date change to be reasonable, or for unforeseeable circumstances.

If any other part of the goal is changed, you will be notified by email that this has occurred and you will need to reconfirm if you are still willing to provide your StudyBoost sponsorship. In this case you will have the option to change the amount, or you can cancel your sponsorship. If you choose to do nothing on a changed goal, your sponsorship will be immediately placed on hold and then automatically cancelled after 5 business days.

WHAT HAPPENS IF A STUDENT I AM SPONSORING CANCELS THEIR GOAL?

If a student cancels their goal, an email will be sent to you advising you that the goal has been cancelled. Your StudyBoost sponsorship with all fees and charges will be refunded in full.

WHY HAVEN'T I RECEIVED A PAYMENT NOTIFICATION FOR MY SPONSORSHIP?

Sometimes the payment confirmation emails automatically go into your Spam/Junk email folder. Please check your Spam/Junk email folder for an email from payments@studybooster.com

ARE THERE ANY FEES OR CHARGES FOR USING STUDYBOOSTER

It's completely free for to a Sponsor to sign up with StudyBooster, and there is no subscription fee.

Fees and charges are applied when your StudyBoost a student.

A payment fee of AUD \$4.00 plus a 2.5% processing charge will apply for each StudyBoost pledge. A \$100 StudyBoost would cost \$6.60 extra (GST included) for the fees and charges..

A tax invoice for fees and charges will be sent to your email address..
